

# ISRAEL BLESSING CONTINUES!

- The national olive tree planting campaign is exploding!
- Not only is America responding but many nations want to participate and bless Israel.
- International sponsorships are accepted.
- Payment plan and one time contributions are available!

Sandy Newman & DeeAnn Ward

*"I have had the privilege of knowing and working with Sandy Newman for several years. I wholeheartedly endorse this effort to bless Israel."*

*Dutch Sheets  
Dutch Sheets Ministries*

*"There can be no doubt as to the blessing that comes from participating in seeing God's chosen land blessed by the planting of olive trees. I believe that as we sow this seed that we will see the fulfillment of Psalm 1 in our own lives and be like a tree planted by the rivers of water ourselves."*

*Cindy Jacobs  
Generals International*

*"In 2008 Chuck Pierce had a vision of America. Of key significance was each state's relationship with Israel. **He said that** a covenant state is one that welcomes the **Jewish people** and recognizes Israel's role in the earth. **ALL NATIONS ARE RECONCILED AROUND ISRAEL. We believe that** each state needs to re-establish its relationship with Israel. Our commitment is to have a tree planted representing every county in the United States. Planting a tree in Israel and taking a physical root in the land deepens the covenant relationship and creates a bond of peace for individuals, states, and nations coming together. Each tree sponsored is a sign of covenant between a county and the state of Israel and will act as a physical memorial that will potentially live on for thousands of years. Please take **a moment to read this email and consider this spiritual and physical strategy for America to anchor her root connection with God's land, one county and one state at a time. We are calling on a blessing for our states and our nation and you can be a part of this release. Please read on to find out how!***

*Sandy Newman & DeeAnn Ward*

---

In 2008 God showed Chuck Pierce a vision of the United States of America. Every state had a triumphant reserve, but every state did not have freedom outposts or a covenant root. Chuck came to Kansas in September of 2009 and explained our covenant root situation. He said a covenant state is one that welcomed Jews and recognized Israel's role in the earth. Chuck went on to say that if our land rejects the firstborn and their land, we are in trouble. Unless we recognize God's order of placement, we won't have revelation in fullness. Kansas does have a covenant root, but it is "infested with darkness." Kansas has the most evil religious root of any state in this nation. This religious root has encased the next dimension of glory.

Here's a brief history of the Jews coming to Kansas: Jews came to Kansas in the late 1800's to be a model for their culture. They called the place where they settled, Beersheba. By the time they arrived here, the Jewish man responsible for sending people to Kansas had introduced 3 things into Jewish theology. He removed the concept of a messiah, he did away with a literal resurrection, and he said Israel would not become a nation again. This theology came to be called "Reform Judaism." It is the height of religion and is anti-Semitic in its very nature.

As leaders in Kansas, DeeAnn and I invited Rabbi Curt Landry from Oklahoma to come and help us with this. As a Jew, he was willing to repent for this root that was set and established through Reform Judaism. Rabbi Curt is a part of Apostle John Benefiel's networks, Oklahoma Apostolic Prayer Network and Heartland Apostolic Prayer Network.

On January 26, 2010, our network in Kansas met in Wichita. Rabbi said that to his knowledge, we are at the first time in the history of our nation where firstborn Jews, first nation Native Americans, and firstfruit Gentiles are all repenting and dealing with baal, the queen of heaven, and free-masonry. As a prophetic act, Rabbi challenged Kansas to plant an olive tree in Israel from each county in our state. We agreed to do it. He said our commitment to do that anchored our ley line in Israel with roots. It anchored Kansas in the land in a strategic place with God. He later felt we should extend this amazing opportunity to all the counties in the United States.

After conferring with Apostles John Benefiel, Dutch Sheets, Cindy Jacobs, and Barbara Wentroble we agreed to partner with Rabbi Curt Landry's organization, My Olive Tree. Below is some general information about My Olive Tree and our vision for the renewed covenant with the land of Israel.

- There are 3141 counties in the United States and our trees will be planted together in a grove that will be marked and identified as a gift from our nation to Israel.
- There is a virtual visitors' center that allows sponsors to see satellite images of their grove. This information is accessed through the number on a certificate of authenticity that is issued for each tree sponsored.
- The land that My Olive Tree uses for the tree sponsorships is under long term lease agreement.
- My Olive Tree will take responsibility to replace a dead tree.
- Each year ten percent of the sales of the olive products from our trees will be given back into the nation of Israel, via various humanitarian aid projects that are overseen by Curt Landry's ministry. The remaining percentage of the sales will go back into Israel's agriculture.
- My Olive Tree will provide a high quality wood carved sign that will identify our project.

- Strategic spiritual ley lines will be established as we partner to plant these trees.
- The region of Gilgal is where Joshua and Caleb crossed the Jordan and where Yeshua was baptized by John the Baptist. When God spoke and said, "This is My Son," a new priesthood was released. Gilgal is therefore the gate to the birthplace of the nation of Israel and the gate to the Melchizedek priesthood's empowerment. Because of the prophetic nature of what Dutch Sheets spoke in November 2008 in Kansas, these 3000 plus trees will be planted in the region of Gilgal.
- Trees have a positive effect on the economy, the environment, and the hearts of the people. They create jobs, they produce oxygen, they produce food, they increase rainfall...they make the desert blossom and rejoice. There is a saying in Judaism that says: "You plant a vineyard for your son and an olive tree for your grandson."

### **A message about My Olive Tree from Curt Landry:**

***My Olive Tree is a company that encourages the sponsorship of trees in Israel to help boost Israel's agricultural economy and provide jobs through continued harvests, etc. MOT works with agricultural businesses and farmers in Israel. The contract with the farmers states that My Olive Tree receives 10% of the profit of the oil that is harvested annually from the trees. MOT has agreed to donate this annual percentage into humanitarian aid work in Israel---the other 90% remains with the farmers. This is in an effort to bless Israel's industry and families.***

***Sponsorship: there are options to plant trees for less in Israel. Many times these trees are small "saplings" that are planted solely for the purpose of reforestation. They are generally planted without irrigation and do not receive further care. MOT plants for reforestation and for the purpose of receiving future harvests. The trees are at least 3 feet tall, irrigated and receive the care they need to become mature trees that produce annual harvests. They are purchased from nursery stocks that are "designed" to produce healthy harvests in specific types of soil. The sponsorship of the tree is not tax-deductible.***

***Shalom,  
Curt Landry***

**Join us in establishing the USA – ISRAEL Connection**

**Goal:** Our goal is for a tree to be sponsored for every county/parish/borough in the United States. Many are also sponsoring trees in behalf of a family, friend, business or ministry, as well as their chosen county. Help us reach this goal by sponsoring a tree for a county in your state!

Planting a tree in Israel and taking a physical root in the land deepens the covenant relationship and creates a bond of peace for individuals, states, and nations coming together. It is part of the fulfillment of the prophecy in that each tree sponsored is a sign of covenant between a county and the state of Israel. Each tree will act as a physical memorial of this covenant and will potentially live on for thousands of years. When Nehemiah restored Jerusalem the Lord told him to restore their oil trees.

In honor of your sponsorship, you will receive a signed Certificate of Authenticity with a unique authenticity number and two bottles of My Olive Tree's exclusive Exodus 30 anointing oil: The King's Oil. One bottle will be for your personal use and one bottle to anoint the churches in your county - thereby anointing the United States! Total Sponsorship Cost (including shipping): \$177.00 USD

**Sponsorship on an Olive Tree:**

With your one time investment \$177.00 an olive tree will be sponsored in your name or in the name of a family, friend, business, or ministry and in the name of the county of your choice. Your sponsored tree will be provided with everything it needs to grow quickly and produce a healthy harvest at around three years of age. My Olive Tree will use the best technology available to insure that your tree will bear much fruit, fruit that remains!

## ***National Goal***

**Our national goal is to have one or more trees sponsored for each county in the United States. To date there are 903 counties covered.**

**Cost:** \$177 per tree

## ***International Goal***

**Our international goal is to have one or more trees sponsored for each country. To date there are 20 countries covered.**

**Cost:** \$150 per tree

With this package you will receive by email your unique tree number that can be used on our virtual visitor's center. If you would like to receive a printed certificate and The King's Oil as seen in this package please email: [info@myolivetree.com](mailto:info@myolivetree.com) for additional cost plus international shipping rates.

**International sponsorships must be done online.**

### **How to Sponsor an Olive Tree:**

#### **Sponsor Online:**

[www.myolivetree.com/destiny](http://www.myolivetree.com/destiny)

**We recommend purchasing trees online.**

#### **Sponsor by Mail:**

**Make checks payable to:** *My Olive Tree*

(One check for any number of trees purchased)

#### **Download Tree Sponsor Form:**

[Click here to download Olive Tree form](#) - Fill out and mail with a check or credit card information. Please fill out a separate form for each tree sponsored. On the form in the line item, "planted in the name of," clearly print the name of the person, family, business, ministry or county in your state, that this tree is sponsored in behalf of. For international sponsorships clearly print the name of the person, family, business, ministry or country that the tree is sponsored in behalf of.
